The "Knightmares" storyline continues! Something–or someone–is forcing Batman to live through some of his darkest fears, amplifying the Dark Knight's anxieties and reimagining some of his worst traumas. Now that Batman has become aware of the nature of these delusions, he must find a way to break through and find out the source of this disruption. So who does he turn to for answers? Why, the Question, of course! But is Vic Sage just another figment of the Caped Crusaders imagination?

Then, the "Knightmares" continue as Batman chases a new foe in an impossible race. Over rooftops, across alleyways, up and down the streets of Gotham City, this lightning-fast crook outsmarts the Dark Knight at every turn. Is that because the man under the mask is someone more familiar than he knows? Artist Lee Weeks returns to BATMAN for an all-out action issue unlike any you've seen before.

DARK NIGHTS: METAL BATMAN: THE DROWNED STATUE

based on art by
GREG CAPULLO

sculpted by
ADRIENNE SMITH

Rocking into our world from the pages of DARK NIGHTS: METAL comes a nightmarish fusion of a gender-flipped Batman and Aquaman–the Drowned. Bryce Wayne came from Earth-11 and harbored a deep hatred of the Atlanteans for their role in the death of her beloved, Sylvester Kyle. In a quest to avenge Kyle, she spliced her DNA with that of Atlanteans, becoming a super-powered Dark Knight capable of breathing and fighting underwater. This carefully detailed statue highlights the unique character design of this mashup, as the Drowned has her own trident and cape, and sports the flowing hair of a submerged and vengeful Dark Knight.

- Limited to 5,000 pieces and individually numbered
- Figures measure approximately 7" tall
- Allocations may occur

HARLEY QUINN RED, WHITE & BLACK: HARLEY QUINN BY JOHN TIMMS STATUE

designed by
JOHN TIMMS

sculpted by
PAUL HARDING

Since her first appearance in 1992, Harley Quinn has captured the hearts of both fans and comics artists alike. The HARLEY QUINN RED, WHITE & BLACK collection of statues are based on various depictions of Harley re-created in vivid 3-D detail. This latest statue in the series comes from famed artist John Timms.

Harley Quinn has come into possession of Batman's cowl, cape and utility belt. While there's surely a great story about how she got it, what's more intriguing is what mischievous adventures she can undertake while beneath the cowl. Will she frame the Batman in a crime spree? Or auction off these missing goods to the highest bidder? Whatever choice she makes, it's a good guess she'll be smiling when she does it.

- Limited to 5,000 pieces and individually numbered
- Figures measure 7.28" tall
- Allocations may occur
- Final products may differ from images shown
- Approximately 6 units per carton
